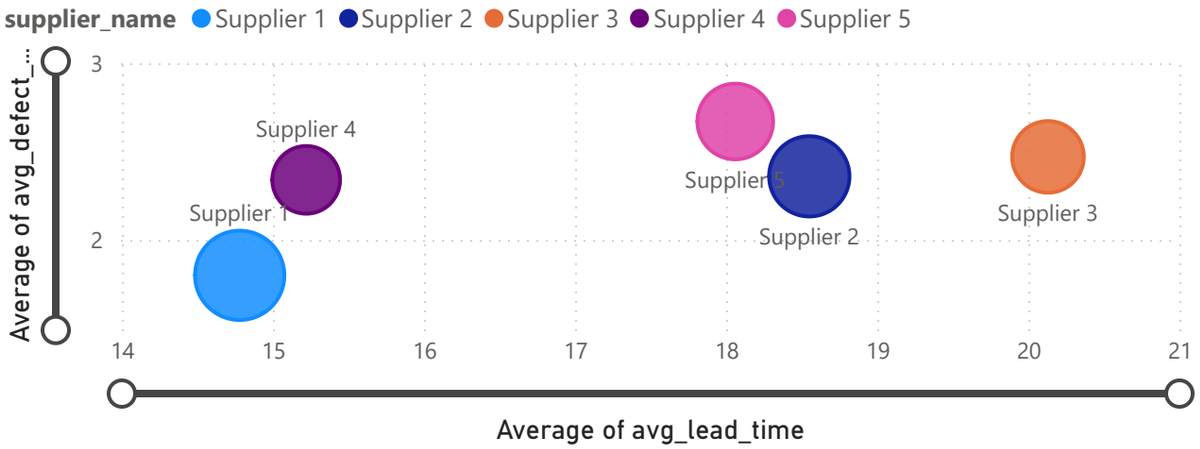
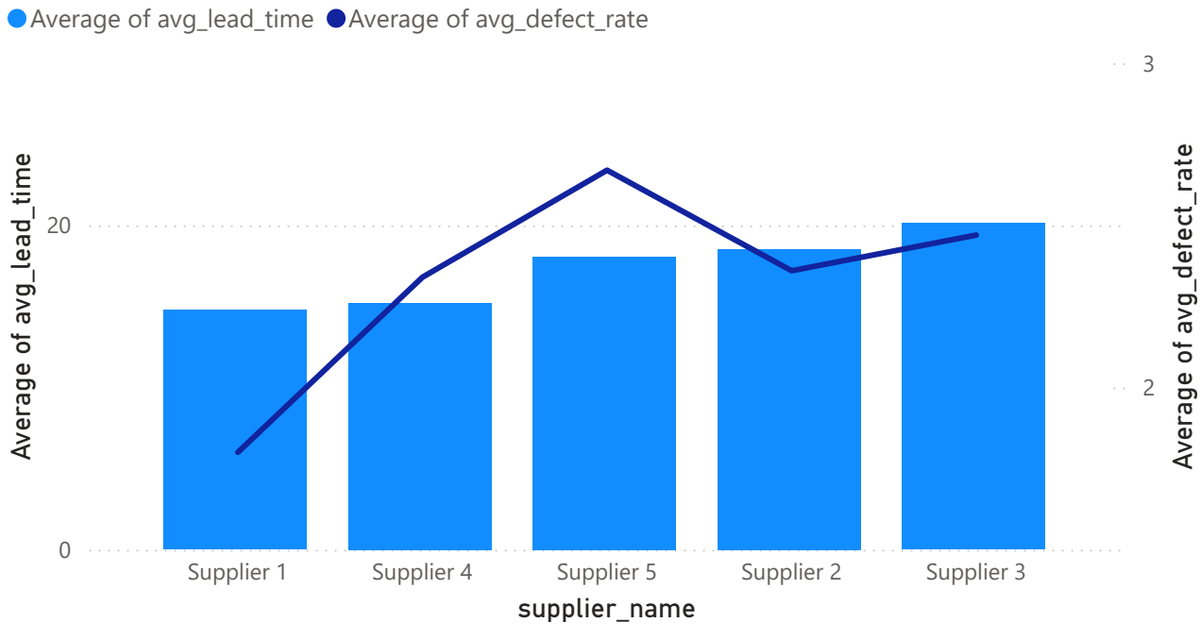
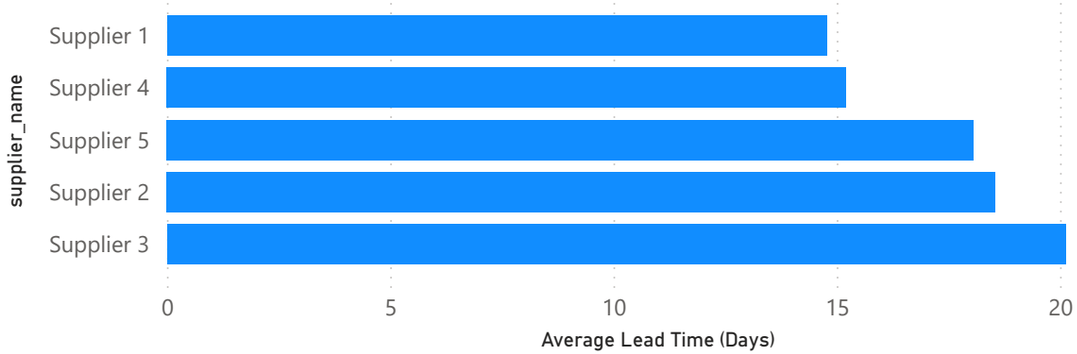
Supplier Performance Matrix (Lead Time vs Defect Rate)



Supplier Comparison (Lead Time vs Defect Rate)



Supplier Ranking by Lead Time (Lower is Better)



Key Insights:

- Supplier 1 has the lowest lead time but relatively higher defect rate
- Supplier 5 shows both high lead time and high defect rate (high risk)
- Supplier 2 and Supplier 3 demonstrate balanced performance
- Lower lead time does not always guarantee lower defects, indicating trade-offs in supplier efficiency
